

PLYMOUTH SNOW RANGERS

NOVEMBER 2011 NEWSLETTER

Hello Rangers

Finally! The weather changed and as quick as the wind blew the leaves off the trees there is a new crisp sense of late autumn blowing in. With winter now only a few weeks away, there are a lot of things that we are once again gearing up for; whether it be contacting land owners, brushing a trail, getting trail markers ready, putting on a safety class or even prepping the float for the Christmas Parade there are always activities that could use a helping hand.

For those who were unable to make it to the Milwaukee snow show, it was nice to see the amount people walking around with full bags of new tools, equipment and clothing. The enthusiasm over the 2012 sleds was contagious, as I found my self looking at all the manufactures and then trying to compare the models of each brand. It's not as easy as it was just a few years ago when the manufactures had the models decided by engine size, remember when it was just the 440F, 550F, 500 and 600cc's and just a handful of utility sleds. They always say change is good and once again all the sleds, other than color will have a similar appearance coming at you on the trail.

See you at the club meeting

The snowmobile season is fast approaching, we are busy getting landowner's permission, marking and brushing trails. Those with E-mail, watch for work dates for brushing or tree removal on the trail system. Just a reminder, we do have room for storage in the new building available at reasonable rates.

The December club meeting will be at the clubhouse and we ask members who attend to bring a small dish to pass. We will also be collecting new unwrapped toys for the Toys for Tots program.
